

Implementation of SBGN Level Release 1

Changes for Release 1.1

Reorganised SF SVN

Release Numbering

Level 1

Major changes in functionality.
New concepts, or mechanisms
added to specification.

Release 1.0

Minor changes in functionality.
Additional glyphs, that do not change
require new concepts or mechanisms.

Corrections to errors, clarifications
and improvements to specification,
but no changes to functionality.

Plans for Next Release?

- Error Corrections! Bug fixes!
- Improve description of conceptual model:
 - Ontology?
- Improve specification of semantics
 - Itemised list of rules: numbered
 - Easier for implementers.

Supporting Technologies

- libSBGN
 - Layout algorithm(s)
 - Data exchange
 - XML Schema implementation based on Visual Model
