Sourceforge Changes

- svn: ProcessDiagram -> ProcessDescription
- Project admins: only the SBGN Editors
- Issue tracking to MantisBT
 - Control workflow
 - Assign changes to releases
 - Finer grained control
 - More mature, more features than tracker
 - Not dependent on SF

libSBGN

- Mailing list
- svn project
- Scribtex

- Should we make it a new SF project?
 - Too soon?

sbgn.org

- Who owns the domain?
- Suggestions for improvement?
